

## Morrow Early Learning & Child Development

This week MAG 2 have helped to rearrange the room to give space for more space for their popsicle stick Hogwarts. They have also spent their time in the cozy quiet and reading area of the room. They have all done a wonderful job at making me feel welcome at MAG in their room. The group has also been playing new games, especially Werewolf, a party style game where they need to find the werewolves in their midst.
